

Chiloquin has had an ambulance service for over 50 years. It has been managed by various organizations and departments until 1982, when Chiloquin Volunteer Ambulance Service, Inc. took over the ambulance operation. In 1991, the IRS recognized our not-for-profit status. A Board of Directors oversees the organization according to its articles of incorporation and bylaws. In

1993, the Board of Directors made the decision to beginning planning for the ambulance to have its own facility.

TLOQUIN AMBULAN

Today..

So, here we are today: still staffed with volunteers; a weekday paid staff to over see operations and the administration of the business; and more importantly, continuing the vision and planning necessary to maintain this community based ambulance service in Chiloquin. The commitment of our volunteers and Board of Directors to provide the best service possible for our

community has never faltered. Our Board of Directors supplies us with state of the art equipment while our volunteers and staff have dedicated themselves to become some of the best trained EMS providers in Oregon.

We are ready to take the next step in the realization of that 1993 Board of Directors decision and want you to be a part of it.

Be part of our tomorrow...

## Tomorrow...soon to be today!

The future of Chiloquin Volunteer Ambulance includes having its own complete facility. This facility will be built on land that the ambulance service owns. The funding will come from a variety of sources, including the ambulance service, grants from private foundations, the Klamath Tribes, the USDA and from community contributors such as you.

GEORGE HAMILTON

We want to pave the way into our new facility with bricks. The indoor fover floor will be laid with bricks, engraved with the names of community members. The 4 inch by 8 inch bricks will cost \$50.00.

This is a beautiful and everlasting way to show your support of our community's ambulance service.

Please return order form and your check for \$50.00 payable to:
