Friends for Animals Sanctuary rescues animals from the two county shelters to reduce the euthanasia rate rehabilitate the animals and find forever homes for them. FFAS will also educate the public about proper pet care by engaging the community, schools and boy & girl scout troops, to mention a few.

A substantial land donation from Judy and Don Molitor of Merritt Island, Florida enabled us to purchase one half while they donated the other half of an amazing 17.6 acre property in unincorporated Cocoa in December 2014. To honor the Molitor's our Sanctuary is named "The Judy and Don Molitor Campus". Our groundbreaking ceremony was held on February 21, 2015.
